Greetings to all,

It gives us great pleasure to announce that the Internal Quality Assurance Cell (IQAC) of Asansol Girls' College is going to host a two day National Seminar on the 'New Methodology of NAAC' on November 29 and 30. We request you to grace the occasion by your valuable presence and share your insights with us.

Asansol Girls' College, established in 1950, has been a pioneer in the field of women education in the coalfield area since its foundation and has been relentlessly working on this mission to impart quality education to all. The college was fortunate to have Dr. Anjali Roy as its principal who guided the college to a new path making it reach new heights. In 1969 a Morning Section was introduced to cater to the increasing demand for quality education among the girls of this region. Today it has become a vibrant and dynamic centre of learning with student strength of more than three thousand. Under the able guidance of our present Vice Principal Dr. Sandip Kr. Ghatak, the college has secured 'A'-grade in the second cycle of NAAC, 2016.

He along with his team of dedicated colleagues is leading the college towards achieving newer goals in keeping with the National Education Policy.

ABOUT THE CONFERENCE

NAAC has introduced a new methodology in its process of Assessment and Accreditation from July 2017, whose main thrust is to make the Accreditation process more objective and transparent, but at the same time it has posed newer challenges on how to adapt to these changes. It is hence imperative for us to have a clear idea about the revised guidelines made in the Assessment and Accreditation process. Hence the IQAC of our college has decided to hold this seminar to address these challenges.

It is our great privilege that we have amongst us two specialists in this field of NAAC assessment. Dr. Vinayak R. Shirgurkar & Dr. Shirish V. Chindhade are senior NAAC assessors, who have kindly agreed to share their experience and help us to equip ourselves for the new methodology introduced by the NAAC.

CALL FOR PAPERS

We are happy to solicit your august presence in this two-day national seminar which will include Invited Talks and oral Presentations.
